

Turbo Pro

A powerful and reliable fan for “Sky Dancers and Inflatable tubes”

Vostermans Ventilation developed the Turbo Pro specifically for Sky Dancers and Inflatable Tubes. Vostermans Ventilation gained a lot of experience during years with the worldwide application of this concept. The durable and compact concept is well suited for both interior and exterior applications. The Turbo Pro is easy to move with the plastified hand grip. The Inflatables are easy to mount with the 360° mounting strip. The Turbo Pro is suited for a wide range of tube heights and easy to adapt to weather influences because of the built-in speed controller.

TURBOPRO Standard features:

- Solid housing, made of shockproof polypropylene
- Durable and waterproof motor of own manufacture
- Low use of power and built-in thermic security
- Low weight and easy to move
- 360° mounting strip included
- Solid tubular steel base, housing can be adapted to wind direction
- Double wireguard for optimum safety
- Meets CE requirements
- Plug and Play
- Low noise level
- Three years full warranty

Optional:

- Cable and plug
- Variable speed control (built-in with On/Off)
